The Great Seal of England.

The mere holding of the great seal of England entitles the fortunate custodian to some \$60,000 a year, to immense patronage in church and State, to be speaker in the house of lords, a privy councillor, and the head of all judicial authority in the kingdom, to be designated lord high chancellor of Great Britain, and keeper of the royal conscience, and to rank (next the royal family) the second subject in the realm. It is very difficult, if not impossible, to say when England first had a great seal. Seals were not much used by our Anglo-Saxon ancestors, but came largely into fashion during the Norman reigns. The gilt roses, or marks of Edward the Confessor and other Saxon kings, can scarcely be called seals, and partook more of the character of signatures of an illiterate age; but a grand and perfect seal of William the Conqueror exists, having the monarch crowned and throned on the one side, and mounted on horseback on the other—attitudes which have been invariably observed to the present day. One remarkable circumstance connected with the great seal is its progressive growth in size as time advanced. Originally, 800 years since, not larger than the top of an ordinary modern teacup, it has been gradually enlarged from age to age, till it offers now the size and appearance of a muffin, and requires to be inclosed in a tin box for protection. Indeed, so cumbersome and unwieldy had the great seal become, that some three or four years since, an act of parliament passed—containing very extraordinary provisions—directing that all the minor, and many, even, of the more important documents passed under it, should for the future be authenticated by a paper wafer of moderate size, which should be gummed on the instrument, and be deemed and taken to be the great seal itself.

The great seal has only three times been lost—twice temporarily and once permanently. James II. on leaving the kingdom on his abdication, threw the seal into the Thames, whence, however, it was next morning fished up and brought to Whitehall. Lord Eldon buried it in his garden in Queen Square, during one night when his house caught fire, and he thought in the confusion it might be stolen. "And," writes the chancellor in his diary, "when the fire was extinguished, I quite forgot in the morning where I had buried it, and while the carriage waited to take me to court, my lady and I, and all the household, were digging with pieces of stick till we luckily found it." Lord Thurlow, who always held it during the night in his bedroom, had it actually carried off by burglars, from whom it was never recovered. A privy council was called the next day, a new seal was rapidly made, and during the remainder of his continuance in office, Lord Thurlow invariably deposited it of a night under his pillow.

Down to 1818 the great seal itself was made of copper; since then silver has been the metal employed. It is in two halves, somewhat like two very thick, bright tin saucers lids fitting closely together, their inner surfaces deeply sculptured with the royal devices intended to be formed on the wax when squeezed between them. Instruments having a limited duration are sealed with yellow wax. Others, supposed to exist in perpetuity, such as patents of peerage, etc., are exemplified under green wax, and in the case of some letter patents, likely to be exposed to a great deal of knocking about or journeying from place to place, such as were the assize commissions, the wax seal was stamped after being ingeniously inclosed in cream-colored leather. (New York Observer.)

No Change.

"This is the first time that I have been in this town since the war," said a man who had just arrived in Little Rock.

"Is that so?" some one asked.

"Yes, first time since the war."

"See a great change, I suppose?"

"No, don't recognize a single change."

"Why, man, the town is three times as large now as it was then."

"Can't help that. I don't recognize any change in the town since the war."

"You haven't got any eyes."

"Yes, my eyes are very good."

"Then you haven't got any memory."

"Yes, my memory is excellent."

"And still you tell me that there has been no change in this town since the war?"

"Oh, I don't say there hasn't been any change since the war. I say that I don't recognize any for I wasn't here before the war. This is my first visit."

A railroad passenger agent is not considered fit for his business if he cannot take a railroad map, and show that his route is the shortest and quickest to any given point. There is no lying about it. The fact is shown in black and white.

Orange flower water is the elegant trifle of the woman of fashion at the present hour. It is very quiet, to the nerves.

An Opportunity to Secure a Home at Reno!

200 LOTS FOR SALE

The manager of the Lake estate, in order to enhance the value of the property of the estate, as well as assist in

Building Up the Town of Reno

Has determined to offer two hundred fine building lots for sale, some of which are situated in the central part of town, and are very desirable for business purposes. The proposed site for homes is immediately south of the Truckee river, and its elevation affords a magnificent view of the mountains in the distance, and the valley and town near at hand. A more perfect place for an elegant home could not be selected. The soil is good and an abundant supply of water will be sold with each lot. The health of the locality cannot be questioned, as its elevation assures a perfect system of sewerage. Gas mains will be laid through the streets free of cost, for the benefit of those desiring to use them. It is also intended by the owners to lay out a park on the south side of the Truckee river, covering 20 acres, in which the public may enjoy the pleasure of driving, fishing and boating.

The educational advantages of Reno are well known, and the business prospects of the town are assured beyond a doubt. Purchasers of these lots may feel confident that the best of terms will be offered, and they will be fairly dealt with. For further particulars, address

"THE IDEAL MAGAZINE"

FOR YOUNG PEOPLE IS WHAT THE papers call St. Nicholas. Do you know about it—how good it is, how clean and pure and helpful? If there are any boys or girls in your house who will not try a number, or try it for a year and see if it isn't just the element you need in the household? The "London Times" has said, "We have nothing like it on this side." Here are some leading features of

ST. NICHOLAS
FOR 1886-87.

Stories by Louisa M. Alcott and Frank R. Stockton—versal by each author. A Short Story by Mrs. Burnett, whose charming "Little Lord Fauntleroy" has been a great feature in the past year of St. Nicholas.

War Stories for Boys and Girls. General Bado, a chief-of-staff, biographer and confidential friend of General Grant, and one of the ablest and most popular of living military writers, will contribute a number of papers, descriptive in clear and vivid style some of the leading battles of the civil war. They will be panoramic descriptions of single combats or short campaigns, presenting a sort of literary picture gallery of the grand and heroic combat in which the passions of many a boy and girl of to-day took part.

The Ferial Story—include "Juan and Juana," an admirably written story of Mexican life, by Frances Courtenay Baylor, author of "The Little Lord Fauntleroy," "The Boarding House," by James O. H. A story of life in a great city. Short Articles, instructive and entertaining, will abound. Among these are: "How a Great Pantheon is Made," by Theodore R. Davis, with picture illustrations; "Winning a Commission (Naval Academy)" and "A Boy's Story of the Naval Academy," by Boring for U. S. and "Among the Gas Wells," with a number of striking pictures. "Child Sketches from George Eliot," by Julia Magruder; "Victor Hugo's Tales to his Grandchildren," recounted by B. Anderson; "Historical Girls," by F. S. Brooks. Also interesting contributions from Nora Perry, Harriet Prescott Spofford, Josephine Miller, H. H. Boyesen, Washington Gladden, Alice Wellington Schwaika, Noah Brooks, Grace Denio Litchfield, Rose Hawthorne Lathrop, Mrs. S. M. B. Plant, Mary Mapes Dodge, and many others, etc., etc.

The subscription price to St. Nicholas is \$3 a year; 25 cents a number. Subscriptions are received by booksellers and newsdealers everywhere, or by the publishers. New volume begins with the November number. Send for our beautiful illustrated catalogue (free) containing full prospectus, etc., etc.

THE CLIFF HOUSE WRECK

There appears to be some doubt whether the word "accident" may be properly applied to the wreck of the Parallel. Webster defines an accident as "an event that takes place without one's foreknowledge or expectation; an event which proceeds from an unknown cause, or is an unusual effect of a known cause." The San Francisco Call says: The Parallel does not appear to have been wrecked either through the operation of unknown causes or through an unusual effect of a known cause. There were no peculiar or extraordinary conditions prevailing at the time of the wreck or for some hours previous to it. The captain of the Parallel declined the service of a steaming to the scene of economy. He took his schooner out and let her drift. When he found that she was drifting toward the shore he still let her drift. He got into a boat, however, and pulled away. From a safe distance he watched for an explosion which seems to have been anticipated. It does not appear that he signaled for help or tried to help himself. A schooner of that size might easily have been towed by the crew, away from the shore with the aid of an ebb tide. The statement that the schooner drifted in fifty fathoms of water is contradicted by the chart. She drifted in from nine to 15 fathoms, and consequently had good anchorage. Yet no anchor was dropped to stay the drift in-shore. These conditions and events which certainly appear not to have been beyond control should be made the subject of a strict investigation. A certain degree of carelessness, incompetence or negligence becomes a crime. Man cannot always control the elements, but in an emergency he is expected to make an effort to overcome slightly adverse influences.

EDITORIAL NOTES

Consul Bee claims that since the Restriction Act has been in force that the Chinese population of California has decreased fully 32,000. It is hoped that the above is true, but Mr. Bee's statements relative to the Mongolian population in this country have not heretofore been of a character to create confidence in the correctness of his figures.

SHOCKS OF AN EARTHQUAKE

President of the Union Pacific Before a Committee of Congress.

[PRESS DISPATCHES TO THE GAZETTE]
An Astrologer's Vile Work.
 NEW YORK, January 19.

The astrologer, John DeLeon, who was recently arrested, charged with sending young girls to Panama for immoral purposes, was placed on trial to-day on an indictment for kidnapping. The chief witness was Stephen Bonsan, the reporter, who worked his way into DeLeon's confidence. He testified that DeLeon told him that, as an astrologer, large numbers of women came to him; that he picked out certain ones and got them indebted to him, and then sent them to Panama, consigned to vile women, assuring them positions as servants at high wages. DeLeon said he had sent 400 girls to Panama in 10 months, and never heard from them, nor had he any trouble. "Dead girls, like dead men, tell no tales," he said; "the sporting life and climate down in Panama soon carry them off."

Dr. McGlynn's Case.
 BALTIMORE, January 19.

The Sun has a special from Rome which says: "Much astonishment is expressed in ecclesiastical circles at the statement circulated in the United States that Rome has condemned the teachings of Henry George, and that Dr. McGlynn has been censured for advocating them. It is authoritatively stated that George's teaching have not been examined by the Propaganda, and it is, therefore, evident that they have not been condemned nor their advocacy censured. Dr. McGlynn has many warm friends here, and the construction put on the summons to Rome is depreciated as a mischievous error."

An Insane Railroad Passenger.
 CHICAGO, January 20.

A passenger on the Milwaukee & St. Paul road, named Reed, who is supposed to be a member of the firm of Reed Bros., San Francisco, jumped from a moving train this morning, outside the city and began racing across the snow, and disappeared in the woods. Several passengers followed him and took him in charge, as he was apparently demented. He is now at the Cook county insane asylum.

United States officers Murdered
 FORT SMITH, Ark., January 19.

Henry Smith, acting as a posse of United States Deputy Marshal John Phillips, and two guards, names unknown, were murdered at their camp at Enfaula, Indian Territory, last night. No particulars have been received here. Marshal Phillips and party were in the Territory serving writs and arresting violators of United States laws.

Russia and the Vatican.
 ROME, January 20.

The Pope has written a letter to Emperor William, thanking him for the reference in his speech at the opening of the Landtag, to increasing the friendliness of the relations between Prussia and the Vatican. The Pope promises to co-operate with the Emperor in bringing the negotiations between Prussia and the Vatican to a successful termination.

Murder and Suicide.
 CLEVELAND, January 20.

Information of a triple murder has just been received at the Central Police Station. The report says a woman killed her three children, attempted to murder the remaining two and then suicided. The affair occurred at Beryerleys park about four miles from the center of the city.

The Union Pacific.
 WASHINGTON, January 20.

Charles Francis Adams, President of the Union Pacific, and Judge Dillon, his counsel, appeared yesterday before the sub-committee of the

House Judiciary Committee, composed of Oates, Bennett and Hobburn, to make an argument upon the resolution, introduced in the House at the last session, instructing the Attorney-General to prosecute the President and Directors of the Union Pacific for issuing \$5,000,000 at one time and \$6,000,000 at another of trust bonds in violation of law, and also for declaring a dividend in the presence of a floating debt, and for guaranteeing the interest on the Oregon Short Line bonds, all of which are alleged to be in violation of the statute, and upon their face, apparently, in violation of the provisions of the Act of 1876, and of the Thurman Act. Adams made a brief statement to the sub-committee, in which he did not deny the facts, but declared that the action of the company was taken in pursuance of legal opinions given by its counsel. Judge Dillon followed Adams with a long legal argument to satisfy the sub-committee that the company's course was not in violation of law. Dillon will be allowed to file a written brief, and as its examination will require some time, a report from the sub-committee is not expected before next week.

Work Ordered Stopped.
 WASHINGTON, January 19.

Commissioner Atkins of the Indian Office, has received a telegram from Indian Agent Howard at Casa Grande, Arizona, to the effect that the Phoenix and Maricopa Railway Company are grading a line of road through the Gila River Indian Reservation, without having first obtained the consent of the Indians, contrary to the provisions of the Act granting them a right of way. The agent asks for military assistance to remove the graders. Upon this information being received, it was referred to the Secretary of the Interior, and the following reply was sent to the agent:

"The Secretary has instructed the President of the railroad company to stop work until the consent of the Indians in council is obtained. If the work does not stop, notify this office, and the military will be called upon."
 J. D. C. ATKINS, Commissioner.

Railroad Decision.
 HELENA, Montana, January 19.

Judge Wade to-day rendered a decision in the case of the United States vs. the Northern Pacific Railroad Company, the case wherein the Northern Pacific was sued by the United States in the United States Court at Deer Lodge for \$1,000,000, alleged to be due for timber cut and removed by the defendant from plaintiff's land in Missoula county. The defense put in a demurrer to the complaint, and it was sustained. An appeal was then taken from the ruling and argued before the Supreme Court, and the demurrer was again sustained by to-day's decision.

WESTERN DISPATCHES

The Governor's Reception.
 [Special to the GAZETTE.]

CARSON, Nev., January 20.
 The Gubernatorial reception last night was a great affair. The liberality of the Governor, on account of his extravagant hospitality, was pleasantly commented upon by all present. Some of the most distinguished ladies and gentlemen in the State were present; among them, the graceful and distinguished wife of Senator Stewart, the Misses Aldrich, George W. Baker, wife and sister, Judge Rives and wife, Tom Rickey, wife and daughter, Miss Dora Clarke of Watsonville, California, niece of Senator Westerfield, who was pronounced the most beautiful lady at the reception. A. C. Cleveland, ex-Governor Adams and wife, Henry L. Hoppin and wife of Winnemucca, H. M. Yerington and wife, D. A. Bender and wife, and Lieutenant Governor H. C. Davis and wife. The assistance of the Misses Bray added largely to the success of the affair. They occupied positions alongside of the Governor and his lady in the main reception room, with Miss Johnson of Oakland, and Mr. Tompkin of Eureka. All the members of the State Government, the Senate and Assembly, paid their respects—a fine gathering indeed. There was no music, but its absence was supplied by a plentiful supply of stimulants, the punch being excellent. The affair passed off amid hilarity and good feeling, with expressions even of regret from such a connoisseur as Senator Hardesty, that it did not last till morning.

Earthquake Shocks.
 RIO VISTA, Cal., January 20.

A slight shock of an earthquake was felt here at 10:25 last night. The vibrations were from north-west to south-east.

MARTINEZ, Cal., January 20.
 Quite a severe shock of an earthquake was felt here last night at 10:30.

Rain in California.
 SAN FRANCISCO, January 20.

A little more than three-quarters of an inch of rain fell at this point during the last 24 hours. Plentiful rains have also fallen in Northern California. An average of six inches has already fallen throughout that section of the State, and although not enough to insure crops, no alarm is felt, as it would be more surprising if no more fell than that more should come. For Middle California the

average up to to-night is five and three-quarters inches; for the southern section, three inches. The reports to 9 o'clock to-night announce rain falling along the southern coast, and also in the great wheat-producing section of the San Joaquin Valley. The grain prospects are, therefore, considerably improved during the last 24 hours.

How a Rain Effects Telegraph Lines.

The length of telegraph wires is materially lessened during the prevalence of a rain or snow-storm. The *Virginia Chronicle* says: The rain-storm of yesterday was general, extending from Sacramento to Salt Lake. The shrinkage in length of the Western Union line of wires between this city and Wadsworth was two miles, while between here and Ogden a distance of 600 miles as the crow flies, the shrinkage exceeded 20 miles through the contraction of the wires. In a continuous wire strung on poles between San Francisco and New York the shrinkage in length would be 120 miles, provided a rain-storm was in progress along the entire route.

PERSONALS.

Colonel Heriot returned this morning from a trip to the Bay.

Miss Pixley arrived from Carson last evening on a visit to her sister, Mrs. Curtis.

Mrs. Hessel's little daughter Frankie is recovering from a severe attack of scarlet fever.

Ex-Congressman Cassidy is said to be laid up at the Bay with a troublesome carbuncle.

Dr. Webber of Virginia City recently suffered a fracture of one of his ribs by being thrown from his buggy.

Mrs. J. M. Rhodes and Mrs. A. C. Bragg returned from Carson Tuesday and are visiting Reno friends.

Self-Praise No Recommendation.

Self-praise is no recommendation but there are times when one must permit a person to tell the truth about himself. When what he says is supported by the testimony of others no reasonable man will doubt his word. Now, to say that Alcock's Porous Plasters are the only genuine and reliable porous plasters made, is not self-praise in the slightest degree. They have stood the test for 25 years, and in proof of their merits it is only necessary to call attention to the cures they have effected and to the voluntary testimonials of those who have used them.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with "Green's August Flower" and "Bochee's German Syrup," at the reduction of 30 cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75-cent size. The "August Flower" for dyspepsia and liver complaint, and the "German Syrup" for cough and lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

Criminals Sentenced.

In the Douglas county District court yesterday, John E. Stenes pleaded guilty to the charge of an assault with intent to kill, and was sentenced to one year in the State Prison.

Fred Davis, who was convicted of murder in the second degree for the killing of J. Mayes, received a 15-year sentence.

Senate Resolution No. 23—Relative to the deposit of sawdust in Truckee river. Passed.

A Genial Restorative.

Hostetter's Stomach Bitters are emphatically a genial restorative. The changes which this great botanic remedy produces in the disordered organization are always agreeable though surely progressive, never abrupt and violent. On this account it is admirably adapted to persons of delicate constitution and weak nerves, to whom the powerful mineral drugs are positively injurious. That it invigorates those processes which result in the re-establishment of a healthy vigor is conspicuously shown in cases where it is taken to overcome that fatal cause of debility, indigestion, coupled as it usually is with biliousness and constipation. Thorough digestion, regular evacuation and abundant secretion are results which promptly and invariably attend its systematic use. It is, besides, the best protective against malaria, and a first-rate diuretic.

Truckee Items.

The Republican of the 19th inst. says: Father Welch, who is favorably remembered in Truckee, is located at Sonora, Calaveras county.

Sixty ear-loads of ice, from the Boca ice belt, arrived at Sacramento last Saturday night, and as many more Sunday night, and were forwarded to cities and towns in every direction.

Notwithstanding the storm now raging, the ice men are not at all discouraged but are certain of a fine crop. John Mooley, who is interested in one of the ponds, says if the ice does not form quick he is going below on a visit until the Ice King gets in his work.

The Truckee Lumber Company, so its Superintendent says, is working as large a force if not larger than that usually employed in January. The force comprises 55 men and they have been kept busy all winter. The warehouses are being filled with stock, getting ready for the coming season. The T. L. Co. is one of the solid, living institutions of Truckee, and the mountain town would hardly know how to get along without it.

Tribute of Respect.

The following resolutions on the death of Mrs. E. N. Harris were adopted by the W. C. T. U., of which she was an esteemed member:

WHEREAS, our dear sister has heard the voice of our Heavenly Father, to come up higher;

Resolved, That in her removal, we have lost a true worker and sympathizer in the temperance cause, and we fully realize that our loss is her gain.

Resolved, That we extend our sympathy to the relatives of the deceased, and bow with humble submission to Him who doeth all things well.

Resolved, That a copy of these resolutions be sent to the family of our sister and also spread upon our minutes.

MRS. FANNY COOK, President.

MISS EVA BARNES, Rec. Sec'y.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines prescribed. Hamburg Figs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists, J. J. Mack & Co., proprietors.

Brains Appreciated.

The New York World is of the opinion that the grumbling Knights of Labor who object to paying Grand Master Workman Powderly a salary of \$5,000 a year, do not appreciate the market value of brains. To back up this opinion that journal says: "We should be very willing to pay Mr. Powderly \$5,000 a year to devote his services exclusively to the World."

Ayer's Sarsaparilla is the most potent blood purifier, and a fountain of health and strength. Be wise in time. All baneful infections are promptly removed by this unequalled alternative.

Nevada Theater.

The play "Called Back," to be presented here next Monday evening, is a most thrilling one—strong in plot and abounding in dramatic action, in which the authors original story is most coherently and successfully told. Those having seen this most excellent troupe need not be told that a rare treat awaits the theater-goers of Reno. Tickets and reserved seats at Thurston's news depot.

Rapid Beating of the Heart.

Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, or under the shoulder-blade, or when you find yourself short of breath when exercising, or your heart has periods of beating fast you have heart disease, and should take Dr. Flint's Heart Remedy. At druggists, \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

Reduction.

General reduction in all woolen dress-goods, flannels, ladies' cloth and blankets at Emrich's.

Ayer's Hair Vigor improves the beauty of the hair and promotes its growth. It imparts an attractive appearance, a delightful and lasting perfume. While it stimulates the roots, cleanses the scalp and adds elegance to luxuriance, its effects are enduring, and thus it proves itself to be the best and cheapest article for toilet use.

WILL YOU SUFFER with Dyspepsia and liver complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by Osburn & Shoemaker.

CATARH CURED. Health and sweet breath secured by Shiloh's Catarrh Remedy. Price 50 cents; No. 1 Inoculor free. For sale by Osburn & Shoemaker.

HEALTH-RESTORING RESORT

Where Any Kind of Rheumatism is Speedily Cured.

WALLEY'S SPRINGS, January 17.

Editor Gazette:—It is with the greatest pleasure that I contribute an article in your valuable paper in regard to the Walley Hot Springs, situated about one and a half miles from Genoa, Douglas Co., Nevada. These springs without doubt have no equal on this coast for the cure of rheumatism, and all affections that necessitate one's visiting them. Situated on the west side of the Carson Valley, at the base of high mountains whose tops are at present snow-clad and in full view of all the ranches that cover the entire valley, with the west fork of the Carson river passing within a few yards of the place, the scene is very picturesque and one that can stand being admired at all times. The hotel under the management of Mrs. Walley is most complete in every detail. The table is excellent and everything is done for the comfort of the guests.

One has his choice in regard to bathing. There are numerous springs about the place and the water as it boils out of the ground is most palatable, having the taste of chicken soup. In fact one spring goes by that name. Some add a little salt and pepper to the water and it is complete.

The main bath house adjoining the hotel has 10 rooms, each fitted with a tub and steam closet, where one can enter and steam until the joints of his body remind him of being an athlete more than a rheumatic.

The mud bath is situated a few yards below the hotel as the "Bonanza" or big steam bath is. The mud bath is considered the conqueror of all pain. It is surprising to compare the activity of a man going to his mud bath and coming from it. Going he generally has his crutches or a cane and coming he is as brisk as a school boy. The mud is in a deep vat where the boiling water is continually running over it. One is placed in a big tub and an attendant covers him with this mineralized substance until he is powerless to move. In case a fly lights on his nose, he is in a bad fix and this is a splendid place to try the patience of a man especially in summer. However, he is out of pain and feels every moment the great benefit he is drawing from this black, hot mud.

After being assisted out he reminds one of a Zulu, but the mud comes off like meal after applying water, leaving one as fresh and clear as it is possible for a warm bath to make him. The Bonanza, or big steam bath, consists of three rooms, viz: Dressing, shower and steam. The temperature in this room, which is about 150° F., averages about 130°; sometimes in summer the temperature is higher. At first one cannot remain in this temperature, but will soon get accustomed to it. Indeed if one does not sweat the rheumatism or what ails him, out of his system in this bath, it is not the fault of the steam. After taking a shower regulated to suit the bather, and having dressed, he ventures into the open air with a feeling that an ache or pain is unknown to him. I know of the most miraculous cures having taken place in ten days' time, and having been a great sufferer myself, I now leave without crutch or cane, entirely well, not only relieved from pain, but gained in weight and considerably in spirits. The charges are most reasonable and in reach of everyone, being only \$2 a day, including bath, attendants, etc. With these springs so near home, no sufferer ought to complain of being unable to visit them.

Notice!

Manning & Jacques have been commissioned by the Reno Gas Co. as a competent firm to do their gas-fitting, and the company would recommend parties having work of the above character to do, to employ only the best workman, thereby saving much annoyance and expense.

Fatally Injured.

Last Monday, at Prosser Creek, William Mathers of Reno, received injuries from which he soon died, by a fall of 30 feet from the ice company's flume. Deceased was 28 years of age and is said to have been a very steady, industrious man.

WORTHY Of Confidence.

AYER'S Sarsaparilla is a medicine that during nearly 40 years, in all parts of the world, has proved its efficacy as the best blood purifier known to medical science.

SARSAPARILLA (extracted from the genuine Honduras Sarsaparilla) is its base, and its powers are enhanced by the extracts of Yellow Dock and Stillington, the Iodides of Potassium and Iron, and other potent ingredients.

IS your blood vitiated by derangements of the digestive and assimilatory functions? Is it tainted by Scrofula? or does it contain the poison of Mercury or Contagious Disease?

THE leading physicians of the United States, who know the composition of **AYER'S SARSAPARILLA**, say that nothing else so good for the purification of the blood is within the range of pharmacy.

ONLY by the use of this remedy is it possible for a person who has corrupted blood to attain sound health and prevent transmission of the destructive taint to posterity.

THOROUGHLY effective renovation of the system must include not only the removal of corruption from the blood, but its enrichment and the strengthening of the vital organs.

RELIABLE world, testify that this work is better accomplished by **AYER'S SARSAPARILLA** than by any other remedy.

BLOOD that is corrupted through disease is made pure, and blood weakened through diminution of the red corpuscles is made strong, by **AYER'S SARSAPARILLA**.

PURIFYING the blood and building up the system require time in serious cases, but benefit will be derived from the use of **AYER'S SARSAPARILLA** more speedily than from anything else.

MEDICINE for which like effects are falsely claimed, is abundant in the market, but the only preparation that has stood the test of time, and proved worthy of the world's confidence, is

Ayer's Sarsaparilla,

A critic, gently turning Bret Harte over on his gridiron, remarks, "If there is any difference between one of Bret Harte's books and a dime novel we should like to be informed what it is." Certainly: It is a dollar and forty cents.

Herr Emerig, of Lauengen, says, in *Die Natur*, that "the conduct of bees, even more infallible than barometer or hygrometer, is a trustworthy indication whether a storm is impending or not." Herr Emerig's head is level. Any boy knows that he can stir up the hygrometer with a stick, and yet live in peace, but when the bee, by his conduct, indicates a rising temperature with local areas of mean disturbance, the boy knows it will be the meanest kind and prepares, usually by flight, for the hottest kind of a time to be found between Christmases.

We hear a good deal in these days about "bogus civil service reform." Yes; well, doesn't that indicate that the genuine article is rather a valuable thing? People don't counterfeits the worthless.

We teach the child to be selfish when we give it a penny to drop in the missionary box and fifty cents to buy a toy for itself; to dole out a penny a week for charity and keep the savings bank rattling full. But haven't I a savings bank in my own home? Indeed I have. And I'd like to see you or any other man, except one of my dear friends, the Vanderbilts, pour money into the top of that savings bank as fast as the prince can draw it out at the bottom. That's the way to run a bank. Make her useful. Milk her. "Mr. Speaker," said the California legislator, "may I ask how much money there is in the State treasury?" The speaker estimated about \$40,000. "Then," said the member, "I move to take her." What good does the money do locked up?

Harper's Young People.

AN ILLUSTRATED WEEKLY.
HARPER'S YOUNG PEOPLE has been called "the model of what a periodical for young readers ought to be," and the justice of this commendation is amply sustained by the large circulation it has attained both at home and in Great Britain. This success has been reached by methods that must commend themselves to the parents, no less than the tastes of the children—namely, by an earnest and well sustained effort to provide the best and most attractive reading for young people at a low price. The illustrations are copious and of a conspicuously high standard of excellence.

An epitome of everything that is attractive and desirable in juvenile literature. Boston Courier.

LEGAL.

Summons.

IN THE DISTRICT COURT OF THE Seventh Judicial District of the State of Nevada, in and for the county of Washoe.

The State of Nevada sends to Robert Heene greeting: You are required to appear in an action commenced against you as defendant, by the Central Pacific Railroad Company, as plaintiff, in the District Court of the Seventh Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county; or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover judgment against you, Robert Heene, defendant, for the sum of four hundred and fifty and 10/100 (\$450.00) dollars for fourth, fifth, sixth and seventh years interest on the remainder of purchase money, and for the remainder of purchase money arising out of a certain contract with said company, plaintiff, to purchase the E. & S. of the SE 1/4 of sec. 15, T. 19, N. 19 E., M. 10 B. and M., Washoe county, Nevada, containing 80 acres, said contract entered into Sept. 13, 1880; that you are required to pay said sum within 30 days from rendition of judgment, and in case of failure to pay within said 30 days, that the said contract be declared null and void, and that you, defendant, and all persons holding under said contract be forever barred and foreclosed of all right to conveyance thereunder, and that the plaintiff be let into the possession of said premises and for costs herein, all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court of Reno, in said County. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, T. V. (seal) Julien, have hereunto set my hand and affixed the seal of said Court, this 8th day of November, A. D. 1886.

Clerk of the District Court of the Seventh Judicial District, Nevada, in and for Washoe County.
Jos. D. Redding, Attorney for plaintiff.

Notice to Lien Claimants.

ALL PERSONS HOLDING AND claiming liens under the provisions of the Act of the Legislature of the State of Nevada, entitled: "An act to secure liens to mechanics and others, and to repeal all other acts in relation thereto," approved March 2, 1875, and of all acts amendatory thereof or supplementary thereto, upon the following described building, land and premises, to-wit: That certain one-story frame building constructed for and adapted to the use of a steam laundry, constructed by the Reno Steam Laundry Association, a corporation upon, and now standing upon that certain piece of land in the town of Reno, Washoe County, State of Nevada, bounded and described as follows: Commencing at a point on the south line of Front street ninety feet easterly from the south-east corner of Front and Virginia streets, running thence easterly along said street with the southerly line of Front street fifty (50) feet, and extending back and southerly, preserving the same width uniformly of fifty (50) feet to the Truckee River, being and constituting the easterly fifty (50) feet of that certain piece of land designated on the official plat of said town of Reno, as Lake's Reserve, and upon all of said piece of land as being necessary to the convenient use and occupation of said building, are hereby notified and required to be and appear before the District Court of the State of Nevada, in and for Washoe County, at the court-room of said court, in the town of Reno, Washoe County, State of Nevada, on

Monday, the 24th Day of January, A. D. 1887,
At the hour of 10 o'clock in the forenoon of said day, and to exhibit then and there the proof of their said liens.
